We Strive For High Standards

**Newsletter
3rd October
Issue 2**

Over the summer months, here at MGS, we have been very busy with our student houses. We have just completed another successful renovation of one of our student houses in Liverpool City Centre. We have fully updated the living area, kitchen and bathrooms.

We sourced the best quality materials and completed an upgrade to a very high standard including plastering to all walls, new flooring throughout, fitted appliances, fitted bathroom suites and a fitted Television in the lounge. Our aim is to keep with the student market trends in terms of technology, internet and modern styling.
