## A Complete Renovation

**Newsletter  
February 2017  
Issue 4**

Our ever growing trusted partnership with New Start supported housing services enable us to build houses to cater to their specific needs. We speak with them every step of the way throughout the design ,sturctural buiding and décor process to ensure the houses are fit for purpose. We have just completed another successful renovation on a property in the Anfield regeneration area of Liverpool.

This renovation was one of our biggest being 8 self contained flats with ensuite bathrooms, with a large communcal livingroom and large galley style kitchen. This renovated included plastering to all walls, new floorboards, new carpets and flooring throughout, fitted appliances ,fitted bathroom suites and all furniture provided.
