March 2017
Issue 5**

We are proud to say that we are an expanding company that listen and provide for the growing need for properties in Liverpool. We add attention to detail to all our houses and keep up with growing trends by adding modernisation into all our refurbishments.

This is a 3 bedroom house in the popular area of Bootle, close to North park and Bootle new strand. The house has recently been completely renovated throughout. The internal rooms of the house have been plastered and painted, new carpets have been fitted in every room and a new bathroom and kitchen has been installed with fitted units and appliances.

This beautiful house is now available to rent for £520per month and will be perfect for a family house.
